DAVID ROOP HOUSE

1862

1019 Taneytown Pike  
Westminster vicinity

Private

The David Roop House was built by David Roop, the owner of Roop's Mill, and was built for his own residence. It is a substantial brick structure built in a T-shaped plan. The main facade shows the longevity of Federal-style characteristics in this region with its five-bay, symmetrical facade, common bond with flat-arch lintels, and brick dentil cornice in two rows. Double-tiered porches are located on each side of the wing. There is a marble datestone in the south gable end.
